Casual Medical Radiation Technologist

We are currently looking for a casual registered medical radiation technologist to perform general Xray, fluoroscopy and possibly future CT. Reporting directly to the Manager of Diagnostic Imaging, the successful candidate is a highly motivated individual who demonstrates superior technical abilities combined with exceptional problem solving and interpersonal skills.

In addition, the successful candidate will foster and support a team environment to ensure the attainment of our organization objectives and will act as a role model for all staff and promote the reputation of the facility in the community. This will be accomplished through active employee involvement, continuous training, and development, and commitment to compliance with policies, procedures, and standards.

The Espanola Regional Hospital and Health Centre is an equal opportunity employer committed to inclusive, barrier-free recruitment and selection processes. If contacted for an employment opportunity, please advise if you require an accommodation.

Thank you for your interest. Only applicants who have been selected for an interview will be contacted. This position will remain open until filled.
