Laboratory Manager

We are currently looking for a permanent full-time Laboratory Manager. The successful candidate will be responsible for coordinating all laboratory activities to ensure the provision of an efficient, reliable and comprehensive laboratory service. The laboratory department provides testing for the following disciplines: Hematology, Chemistry, Immunohematology (Transfusion Services), Serology, Electrocardiograms, and Holter Monitoring.

In addition, the successful candidate will foster and support a team environment to ensure the attainment of our organization objectives and will act as a role model for all staff and promote the reputation of the facility in the community. This will be accomplished through active employee involvement, continuous training, and development, and commitment to compliance with policies, procedures, and standards.

The Espanola Regional Hospital and Health Centre is an equal opportunity employer committed to inclusive, barrier-free recruitment and selection processes. If contacted for an employment opportunity, please advise if you require an accommodation.

Thank you for your interest. Only applicants who have been selected for an interview will be contacted. This position will remain open until filled.
