## Manager of Informatics & IT

We are currently looking for a permanent full-time Manager of Informatics & I.T. The successful candidate will play an integral role in the development, implementation, and adoption of both clinical and non-clinical health care information technologies. This position will find workflow efficiencies and best practices as we advance our clinical systems primarily in the Meditech environment. Reporting directly to Senior Management, the Manager of Informatics & IT is a highly motivated individual who proves superior technical skills combined with exceptional problem solving and complex project management abilities.

As an innovative and creative leader, the successful candidate will provide guidance on health care informatics trends and opportunities and will lead the implementation of new modules, upgrades, and interface requirements in close collaboration with Managers, Clinical teams, Meditech super-users and Regional Meditech Analysts. As well will foster and support a team environment to ensure the attainment of our organizations goals and will act as a role model for all staff and promote the reputation of the facility in the community.

The Espanola Regional Hospital and Health Centre is an equal opportunity employer committed to inclusive, barrier-free recruitment and selection processes. If contacted for an employment opportunity, please advise if you require an accommodation.
